3. Presentations – Mulgrave Volunteer Fire Department-Chief Breen

Chief Breen noted the reason for the presentation was to discuss with Council the need for additional training for firemen to allow entry into a burning building. The cost of fully training a fireman could be in the area of \$3,000 per firemen over an eight month period. He noted because of the time commitment (218 hours) he may have difficulty in having a great number of members willing to enroll. He would like to have a total of four members certified. He already has two other members who are close to being certified. If two more members take the course over a period of time, he felt this would give an acceptable level of coverage for this type of exposure.

The Chief and CAO will contact the fire marshal to obtain additional information regarding any provincial implementation date or any funding that may be available.

Also to be discussed, at some point, will be a strategy for this type of coverage with Strait Area Mutual Aid .

Follow up note: Chief contacted the Fire Marshall and Level one is not the policy in N.S. However this matter as a 2018 2019 budget item will be an important consideration.

Moved by C’lr Bob Russell and seconded by Councillor Ron Chisholm that the meeting adjourn.
