Message for the Town of Mulgrave

I wanted to take this opportunity to reach out to the citizens of Mulgrave as we are all adapting to these uncertain times, as a result of the COVID-19 virus. As things change daily, I want to ensure you that Council and Town staff are listening, learning and making decisions and adjustments based on information received and best public health practices.

I would like to acknowledge our CAO, Darlene Berthier Sampson for her leadership ensuring that our Town office is kept functional. We have made the decision to continue for the month of April to have our offices closed to the public. Should you have any concerns please call the town office at 902-747-2243.

Thank you to Vincent Power and his EMO committee for their work and to Heather Brennan for keeping residents informed through social media during times when we need to distance ourselves from one another. To town staff for coming to work and keeping our town operating, it is all much appreciated.

As we continue to operate, I ask that you all adhere to public health directives and practice social distancing.

Please take care of yourselves, your loved ones and others within our community.

We must all work together.

Ralph Hadley  
Mayor, Mulgrave
